

**UNITED STATES BANKRUPTCY COURT  
SOUTHERN DISTRICT OF NEW YORK**

	)				
In re:	)				Chapter 11
	)				
CHARTER COMMUNICATIONS, INC., <u>et al.</u> ,	)				Case No. 09-_____
	)				
Debtors.	)				Joint Administration Requested
	)				

**DECLARATION OF GREGORY L. DOODY,  
CHIEF RESTRUCTURING OFFICER AND SENIOR COUNSEL OF  
CHARTER COMMUNICATIONS, INC., IN SUPPORT OF FIRST DAY PLEADINGS**

Under 28 U.S.C. § 1746, I, Gregory L. Doody, declare as follows under penalty of perjury:

1. I am the Chief Restructuring Officer and Senior Counsel of Charter Communications, Inc. (“CCI”), a Delaware corporation and the ultimate parent corporation of each of the debtors and debtors in possession, with the exception of Charter Investment, Inc. (“CII”), in the above-captioned chapter 11 cases (collectively, the “Debtors” or “Charter”).<sup>1</sup> I have been associated with Charter since December 15, 2008, and I am familiar with the day-to-day operations, business, and financial affairs of the Debtors.

2. Before becoming Charter’s Chief Restructuring Officer and Senior Counsel, I worked from July 2006 through August 2008 for Calpine Corporation, a major U.S. power company with operations in 16 states and in Canada. At Calpine, I held different positions, including Executive Vice President, General Counsel and Secretary, and Chief Restructuring Officer. Before then, I held several positions at HealthSouth Corporation from July 2003

---

<sup>1</sup> A listing of the Debtors in these chapter 11 cases is included on **Exhibit A** hereto.

through July 2006, including Executive Vice President, General Counsel, and Secretary. From August 2000 through March 2004, I was a Partner at Balch & Bingham LLP, a regional law firm based in Birmingham, Alabama. And I served as Interim Corporate Counsel and Secretary of HealthSouth from September 2003 until March 2004. I earned a Bachelor of Science, Management degree from Tulane University in 1987, and a Juris Doctor degree from Emory University School of Law in 1994.

3. On March 27, 2009 (the “Petition Date”), each of the Debtors filed a voluntary petition for relief under chapter 11 of title 11 of the United States Code (the “Bankruptcy Code”). The Debtors intend to continue in the possession of their respective properties and the management of their respective businesses as debtors in possession pursuant to sections 1107 and 1108 of the Bankruptcy Code. To enable the Debtors to operate effectively and to avoid the adverse effects of the chapter 11 filings, the Debtors have requested various types of relief in “first day” applications and motions (the “First Day Pleadings”) filed with the Court, including a motion (the “Joint Administration Motion”) seeking to have the Debtors’ chapter 11 cases consolidated for procedural purposes and jointly administered.

4. Pursuant to Rule 1007-2 of the Local Bankruptcy Rules for the Southern District of New York (the “Local Rules”), I submit this declaration to (a) explain to the Court and other interested parties the circumstances that compelled the Debtors to seek relief under chapter 11, and (b) support the relief requested in the various First Day Pleadings. Capitalized terms used but not otherwise defined herein shall have the meanings ascribed to them in the relevant First Day Pleadings, as applicable. I am authorized to submit this declaration on behalf of the Debtors, and, if called upon to testify, I could and would testify competently to the facts set forth herein.

## **PRELIMINARY STATEMENT**

5. Charter is one of the largest providers of broadband entertainment and communications services in the United States. Specifically, Charter is the fourth-largest cable operator in the country, with operations in 27 states and approximately 5.5 million residential and commercial customers. Charter provides its residential and business customers with a full range of advanced broadband services, including traditional cable video programming (basic and digital video), high-speed internet services, and telephone services, as well as advanced broadband cable services (such as video on demand, high definition television service, and digital video recorder service). Charter also provides advertising solutions to local, national, and regional businesses that target consumers in Charter's footprint under its Charter Media brand.

6. Unlike many companies entering chapter 11, Charter comes before this Court at a time when its business is continuing to grow. Charter is operationally sound and by all accounts heading in the right direction as a functioning business. Charter generates significant positive cash flow before debt service and has achieved upward, favorable trends as an operating enterprise. From 2006 to 2008, Charter has driven pro forma<sup>2</sup> revenue from approximately \$5.5 billion to \$6.5 billion, and pro forma adjusted EBITDA has grown from \$1.9 billion to \$2.3 billion.<sup>3</sup> Charter has experienced nine consecutive quarters of double-digit adjusted EBITDA

---

<sup>2</sup> The reference to "pro forma," as the term is used throughout this declaration, means that 2007 and 2008 financials have been adjusted to reflect certain acquisitions and divestitures as if they occurred on January 1, 2007. Results prior to January 1, 2007, have been adjusted for 2006 and 2007 acquisitions and divestitures but do not reflect adjustments for 2008 M&A activity.

<sup>3</sup> "Adjusted EBITDA," as the term is used throughout this declaration, means income from operations before depreciation and amortization, impairment charges, stock compensation expense, and other operating (income) expenses, such as special charges and (gain) loss on sale or retirement of assets.

growth on a pro forma basis. As of March 27, 2009, Charter had approximately \$700 million in cash on hand and cash equivalents.

7. Charter is before this Court primarily because of recent deteriorating capital market conditions and its significant debt load of approximately \$21.7 billion. Recognizing the need to de-leverage its balance sheet and preserve its strong competitive position, Charter has undertaken a significant effort to ensure that the Debtors' chapter 11 cases are both successful and expeditious. Over the last several months, Charter has organized key bondholder constituencies, and with those stakeholders Charter has negotiated plan support agreements (the "Plan Support Agreements") for a prearranged plan of reorganization (the "Plan") that raises approximately \$3.5 billion of capital and debt financing. As a result, concurrently with their voluntary petitions, the Debtors are filing their proposed Plan (with the Plan supplement) and disclosure statement (the "Disclosure Statement," with all accompanying exhibits), fully prepared to emerge from chapter 11 as productively and quickly as possible.

8. The Plan is an impressive achievement given current market conditions and the complexity of Charter's capital structure. Notwithstanding the challenging credit market conditions, Charter was able to propose and negotiate a Plan that improves its existing capital structure by:

- canceling approximately \$8 billion of debt at various holding companies;
- reducing Charter's annual interest expense by more than \$830 million;
- raising up to \$2 billion in additional equity through a rights offering (the "Rights Offering"); and
- refinancing approximately \$1.2 billion in senior holding company debt instruments and raising \$267 million in new notes.

9. Through its restructuring, Charter intends to emerge as a stronger and more financially sound company better positioned to compete in the rapidly-changing communications

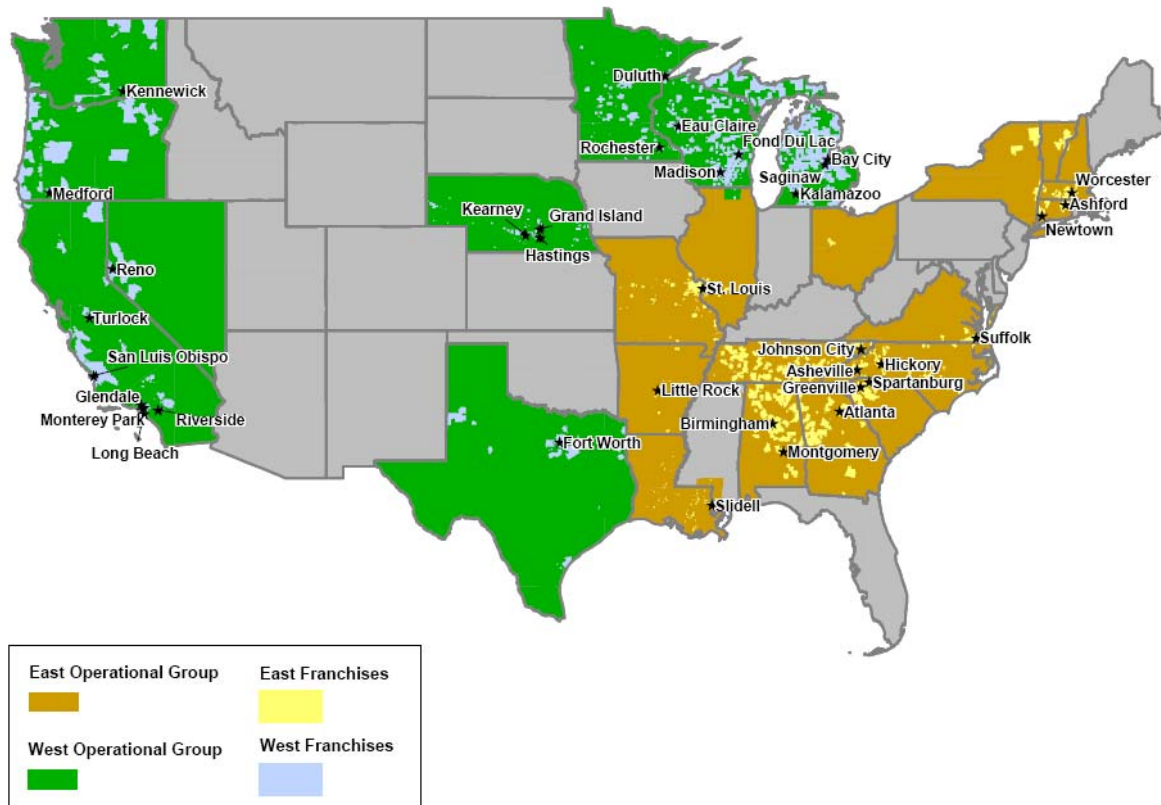

industry. Due to Charter's core strengths, which include a reliable and extensive broadband system, an experienced workforce (including highly capable management), and available equipment and facilities, Charter remains confident that, by utilizing the tools afforded by the Bankruptcy Code, it can achieve its long-term goal of becoming the preferred, one-stop provider of entertainment and communications services and procedures for business and residential customers in the markets it serves.

10. To familiarize the Court with the Debtors and the relief they will seek on the first day of these cases, I have organized this declaration as follows: Part I provides an overview of Charter's businesses and the circumstances that compelled the commencement of these chapter 11 cases. It describes, among other things, Charter's business operations, capital structure, and events leading to the filing of these chapter 11 cases and the proposed Plan. Part II sets forth the relevant facts in support of the Debtors' First Day Pleadings. Part III contains the information required by Local Rule 1007-2.

## **I. GENERAL BACKGROUND**

### **A. Summary of Business Operations**

11. Charter's operations primarily consist of providing entertainment and communications services over broadband networks, which serve to transmit quantities of video, data, and voice by way of digital or analog signals. Cable systems owned by Charter are located in 27 states and, as illustrated below, are organized into 12 key market areas, which, in turn, are managed in two operating groups. Each operating group, on average, serves in excess of 2.7 million customers.

12. As of December 31, 2008, Charter served approximately 5.5 million customers, of which approximately 5.0 million were video customers and of which approximately 3.1 million were also digital video customers. Charter also served approximately 2.9 million residential high-speed internet customers and approximately 1.3 million telephone customers. Charter provides scalable, tailored, and cost-effective broadband communications solutions to business organizations, such as business-to-business internet access, data networking, video and music entertainment services, and business phone. Charter also provides advertising solutions to local, national, and regional businesses that target video customers. Charter's customers are served through a hybrid fiber and coaxial cable network with 95% of homes passed at 550 MHz or greater and 95% of plant miles two-way active.

13. As of the Petition Date, Charter has approximately 16,500 employees, of which approximately 100 employees are represented by one collective bargaining agreement. Because

Charter's advanced broadband network is operated and maintained by local employees who live and work in the same communities as Charter's customers, Charter strives to be a good corporate citizen, supporting local civic and charitable organizations. For example, more than 9,000 schools benefit from Charter's participation in the Cable in the Classroom program, which provides free cable connections and programming and high-speed data in schools. Charter also donates free cable television air time for public service announcements, which amounts to approximately \$7.5 million of free air time each year. Charter's employees have spent tens of thousands of hours volunteering for events in our local communities.

14. Charter's corporate headquarters are located at 12405 Powerscourt Drive, St. Louis, Missouri 63131. The corporate office, which includes employees of CCI, is responsible for coordinating and overseeing overall operations, including establishing company-wide policies and procedures. The corporate office performs certain financial and administrative functions on a centralized basis such as accounting, cash management, taxes, billing finance, human resources, risk management, telephone, payroll, information system design and support, internal audit, legal, governmental relations, purchasing, customer care, marketing, communications, programming contract administration, internet service, network and circuits administration, and oversight and coordination of external auditors, law firms and consultants. The corporate office performs these services on a cost reimbursement basis under management services agreements between CCO and CCI, which entitles CCI to payment for its performance of various personnel, operational, financial, and legal functions. Charter's field operations are managed within two operating groups. Charter has shared service centers for its field sales and marketing function, its human resource and training function, finance, and certain areas of customer operations.

15. Charter centrally manages customer care operations, with deployment and execution of care strategies and initiatives conducted on a company-wide basis. It provides “24/7” customer service via its eight fully integrated customer care locations and its website. Charter’s website design enables customers to view and pay bills online, obtain useful information, and perform various equipment troubleshooting procedures. Customers can also obtain support through online-chat and email functionality. In addition, Charter has agreements with three third-party call center services to provide additional capacity to respond to customer inquiries and support marketing activities.

16. For the year ended December 31, 2008, Charter’s total revenues were \$6.48 billion and adjusted EBITDA was \$2.3 billion. Charter’s revenues are derived principally from the monthly fees customers pay for the services it offers. Charter typically charges a one-time installation fee which is sometimes waived or discounted during certain promotional periods. The prices Charter charges for its products and services vary based on the level of service the customer chooses and the geographic market.

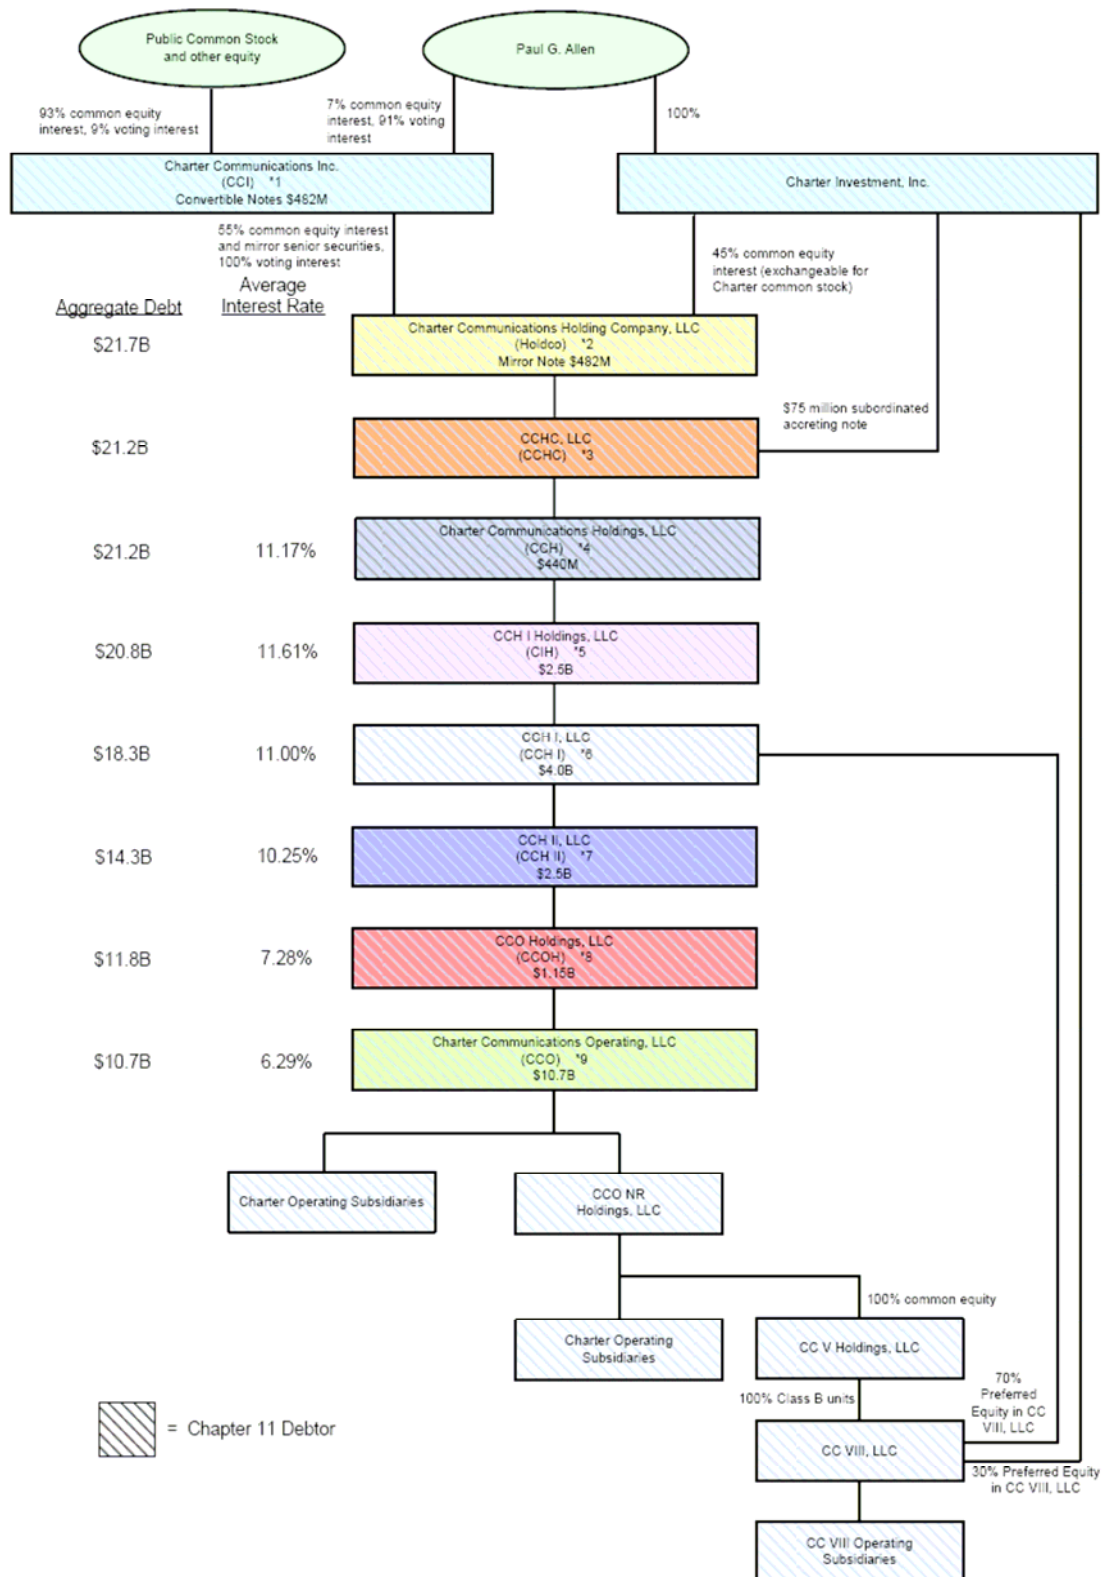

## **B. Summary of Corporate Structure**

17. As set forth in the organizational and capital structure chart (the “Capital Structure Chart”) below, Charter maintains a chain of holding companies through which Charter incurs a substantial portion of its total debt. For ease of reference, Charter and each of these holding companies are numbered and marked with an asterisk.

# Charter Communications

## Summary Organizational and Capital Structure as of the Petition Date

18. CCI is the ultimate parent of all of Charter's subsidiaries. CCI is a Delaware corporation, which was originally incorporated in 1999. It completed an initial public offering of its Class A common stock in November 1999. CCI is a holding company whose principal assets, as of December 31, 2008, were the 55% controlling common equity interest (53% for accounting purposes) and 100% voting interest in Charter Communications Holding Company, LLC ("Holdco").

19. CCI also holds indebtedness of Holdco that "mirrors" the terms of the securities issued by CCI (i.e., the Holdco notes have the same principal amount and terms as CCI convertible senior notes). CCI's only business is to act as the sole manager of Holdco and its subsidiaries. As sole manager, CCI controls the affairs of Holdco and its limited liability company subsidiaries.

20. Paul G. Allen ("Mr. Allen") controls CCI through his ownership of Class A common stock and Class B common stock and has a voting control interest of approximately 91% as of December 31, 2008. He also indirectly owns 45% of Holdco, a note exchangeable into Holdco membership units, and 30% of the preferred equity of CC VIII, LLC through his 100% ownership of CII. CII's membership units in Holdco are exchangeable at any time for shares of CCI's Class B common stock on a one-to-one basis, which shares are in turn convertible into CCI's Class A common stock on a one-to-one basis. Mr. Allen would hold a common equity interest of approximately 49% on an as-converted basis as of December 31, 2008.<sup>4</sup> Each share of Class A common stock is entitled to one vote. Mr. Allen is entitled to ten

---

<sup>4</sup> This figure does not account for the Holdco units for which the CCHC, LLC ("CCHC") note is exchangeable.

votes at CCI for each share of Class B common stock and for each membership unit in Holdco held indirectly by him through CII.

### **C. Summary of Capital Structure**

21. As of the Petition Date, Charter's total funded debt obligations were approximately \$21.7 billion and consisted of, among other things, amounts under the secured credit facilities and secured and unsecured notes payable. The major components of Charter's consolidated funded debt obligations are described in greater detail below and illustrated on the Capital Structure Chart.

#### **1. The First Lien Credit Facility**

22. On March 6, 2007, Charter Communications Operating, LLC ("CCO") amended and restated its credit agreement, dated as of March 18, 1999, by and among CCO, as borrower, JPMorgan Chase Bank, N.A., as administrative agent, and certain lenders thereto (the "First Lien Credit Facility"). The First Lien Credit Facility initially consisted of a \$6.5 billion term loan with a final maturity of March 6, 2014 and a \$1.5 billion revolving credit facility that matures on March 6, 2013. In March 2008, CCO borrowed an additional \$500 million in principal amount of incremental loans with a final maturity date of March 6, 2014. The First Lien Credit Facility also provides CCO the option to enter into additional incremental term loans in the aggregate amount of up to \$500 million.

23. In November 2008, CCO drew down approximately \$250 million under its revolving credit facility, and, in February 2009, CCO borrowed an additional \$354,237 under its revolving credit facility. As of the Petition Date, the borrowings under the revolving credit facility are in the amount of \$1.3 billion, and the letters of credit outstanding under this facility are approximately \$140 million.

24. The First Lien Credit Facility is secured by a lien on substantially all of the assets of CCO and its subsidiaries and a pledge by CCO Holdings, LLC (“CCOH”) of its equity interests in CCO. Moreover, the First Lien Credit Facility is subject to an upstream guarantee by CCOH.

25. From time to time, CCO has entered into certain interest expense hedging agreements (each a “Specified Hedge Agreement”) with certain non-Debtor counterparties who at the time of the relevant transaction were lenders or affiliates of such lenders under the First Lien Credit Facility. The Debtors’ obligations under the Specified Hedge Agreements also constitute secured obligations under the First Lien Credit Facility and share in the collateral pledged.

## **2. The Junior Credit Facility**

26. On March 6, 2007, CCOH entered into the credit agreement, dated as of March 6, 2007, by and among CCOH, as borrower, Bank of America, N.A., as administrative agent, and certain lenders thereto (the “Junior Credit Facility”). The Junior Credit Facility consists of a \$350 million term loan that matures on September 6, 2014. Additionally, under the Junior Credit Facility, CCOH may enter into incremental term loans from time to time. Obligations under the Junior Credit Facility are secured by CCOH’s equity interest in CCO.

## **3. Outstanding Notes**

27. Charter is party to 26 series of notes, which include the following:

<b>Rate</b>	<b>Principal Amount</b>	<b>Maturity</b>
CCI 5.875% convertible senior notes	\$3 million	Nov. 16, 2009
CCI 6.50% convertible senior notes	\$479 million	Oct. 1, 2027
CCH 10.000% senior notes	\$53 million	April 1, 2009
CCH 10.750% senior notes	\$4 million	Oct. 1, 2009
CCH 9.625% senior notes	\$25 million	Nov. 15, 2009

<b>Rate</b>	<b>Principal Amount</b>	<b>Maturity</b>
CCH 10.250% senior notes	\$1 million	Jan. 15, 2010
CCH 11.750% senior discount notes	\$1 million	Jan. 15, 2010
CCH 11.125% senior notes	\$47 million	Jan. 15, 2011
CCH 13.500% senior discount notes	\$60 million	Jan. 15, 2011
CCH 9.920% senior discount notes	\$51 million	April 1, 2011
CCH 10.000% senior notes	\$69 million	May 15, 2011
CCH 11.750% senior discount notes	\$54 million	May 15, 2011
CCH 12.125% senior discount notes	\$75 million	Jan. 15, 2012
CIH 11.125% senior notes	\$151 million	Jan. 15, 2014
CIH 13.500% senior discount notes	\$581 million	Jan. 15, 2014
CIH 9.920% senior discount notes	\$471 million	April 1, 2014
CIH 10.000% senior notes	\$299 million	May 15, 2014
CIH 11.750% senior discount notes	\$815 million	May 15, 2014
CIH 12.125% senior discount notes	\$217 million	Jan. 15, 2015
CCH I 11.00% senior notes	\$3.987 billion	Oct. 1, 2015
CCH II 10.250% senior notes	\$1.860 billion	Sept. 15, 2010
CCH II 10.250% senior notes	\$614 million	Oct. 1, 2013
CCOH 8 3/4% senior notes	\$800 million	Nov. 15, 2013
CCO 8.00% senior second-lien notes	\$1.1 billion	Apr. 30, 2012
CCO 8 3/8% senior second-lien notes	\$770 million	Apr. 30, 2014
CCO 10.875% senior second-lien notes	\$546 million	Sept. 15, 2014

#### **D. The Exchange Offers**

28. From 2003 to 2008, Charter completed a series of exchange offers to improve its liquidity, including exchanges with “qualified institutional buyers” as defined by Rule 144A of the Securities Act of 1933 (the “Act”) exempt from registration under the Act. Despite these efforts, the Debtors remained significantly over-leveraged compared to their peers in the cable industry and faced near term challenges in sustaining their capital structure, which were exacerbated by the deteriorating condition in the credit markets.

## **E. Events Leading to the Chapter 11 Filing**

29. A number of factors have contributed to Charter's decision to file these chapter 11 cases. Although Charter's business is growing, adverse changes in the capital markets combined with Charter's complex capital structure have affected Charter's ability to meet its debt obligations.

### **1. Charter's Growth And Recent Success**

30. Unlike many companies entering chapter 11, Charter's business is growing and significantly cash flow positive before debt service. Over the past three years, Charter has achieved significant upward and favorable trends as an operating enterprise. From 2006 to 2008, pro forma revenue increased from approximately \$5.5 billion to \$6.5 billion, and pro forma adjusted EBITDA increased from \$1.9 billion to \$2.3 billion. Charter has had nine consecutive quarters of double-digit adjusted EBITDA growth on a pro forma basis.

31. Charter's growth and recent successes are the results of a carefully planned, long-term approach for revitalizing the business and making Charter the premier provider of in-home entertainment and communications services in its markets. In 2005 and 2006, Charter assembled a new management team that blends experience in the cable industry with outside talent from other relevant industries. Since then, the company has taken decisive action to implement clear and consistent strategies for achieving sustainable growth. These strategies have focused on enhancing Charter's operating platform, expanding the business, and improving Charter's capital structure. Charter has made substantial investments in its platform, streamlined its footprint through asset sales, and positioned its business to add more network capability.

32. Charter's business has continued to evolve from the early days of cable, when it was providing a single video service to customers' homes, to offering customers a bundle of residential and commercial television, high-speed internet, and telephone services over a single

broadband connection. By focusing on advanced services and the value of the bundle, Charter has diversified its revenue stream, increased its overall market penetration for high-speed internet and telephone service, and improved customer retention. Charter added more than 650,000 revenue generating units during 2008, bringing the percentage of customers who subscribe to a bundle of services up from 47% in 2007 to 53% at the end of 2008. Similarly, Charter's pro forma average monthly revenue per basic video customer was \$108.27 for the fourth quarter of 2008, an increase of 10.2% compared to the fourth quarter of 2007, primarily as a result of higher bundled penetration and an increase in advanced services.

## **2. Charter's Debt Burden**

33. Notwithstanding these successes, Charter has a history of negative free cash flow. From its earliest days as a public company, Charter incurred a substantial debt load as it built a state-of-the-art broadband network and expanded its footprint by acquiring new cable systems. Charter's consolidated debt obligations currently total approximately \$21.7 billion. In recent years, as the business has expanded, the company's performance has continued to accelerate but it has not yet grown into its existing capital structure.

34. Accordingly, because the company is substantially more leveraged than its peers, Charter has been an active participant in the capital markets. Before the recent deterioration in market conditions, Charter was able to take advantage of the capital markets to improve and extend its maturity profile, and prevent its debt obligations from interfering with growth and operations. For example, since September 2005, Charter has extended over \$21 billion in debt maturities through a series of transactions. Recent adverse changes in the nation's capital markets, however, have severely limited Charter's ability to recapitalize or otherwise enter into transactions to ease its debt burdens. Under current market conditions, strategies that Charter has

previously employed to extend maturities and maintain liquidity are no longer available. These adverse changes have severely limited Charter's ability to service operations and debt.

35. Against this backdrop, Charter began to weigh its options for undertaking a financial restructuring. In November 2008, the company hired Kirkland & Ellis LLP to guide it in considering and evaluating potential restructuring options. Charter also asked its financial advisor, Lazard Frères & Co. LLC, to initiate discussions with Charter's bondholders regarding a possible restructuring and financial alternatives for improving the company's balance sheet.

36. After lengthy negotiations, Charter reached agreement with the holders of approximately 73% (approximately \$2.9 billion in principal amount) of the CCH I, LLC ("CCH I") notes, holders of approximately 52% (approximately \$1.3 billion in principal amount) of the CCH II ("CCH II") notes (collectively, the "Crossover Committee"), and Mr. Allen on the terms of a consensual, prearranged Plan. Since reaching an agreement on the material terms of the Plan, the parties have engaged in extensive negotiations relating to the documentation of the Plan, the Disclosure Statement, and the exhibits thereto, which are being filed contemporaneously with this Declaration.

## **F. Overview Of The Plan**

37. As explained above, the Plan essentially provides for a balance sheet restructuring that will leave intact both Charter's operations and the senior portion of its capital structure. Charter has received executed Plan Support Agreements from members of the Crossover Committee. The Plan also has the support of Charter's primary shareholder, Mr. Allen, who has likewise executed a Plan Support Agreement.

38. To understand the significance of these constituents, the Court needs to understand the company's legal and capital structure (as illustrated on the Capital Structure

Chart). The CCH I creditors, CCH II creditors, and Mr. Allen are significant to implementing the Plan for the following reasons.

39. **First**, based on Plan valuation, Charter believes that CCH I (marked as \*6 on the Capital Structure Chart) is essentially the “fulcrum” entity, that is, the entity at which the debt instruments are most likely to convert to equity ownership through the restructuring. Accordingly, under the Plan, the holders of CCH I notes will receive substantially all of the economic value of the equity of reorganized Charter prior to giving effect to the Rights Offering.

40. **Second**, CCH II is another significant entity in Charter’s capital structure because members of the Crossover Committee hold a significant amount of the CCH II notes, which mature in 2010 and 2013. As part of the Plan, the holders of existing CCH II (marked as \*7 on the Capital Structure Chart) debt on the Crossover Committee have committed to receive new debt instruments from that entity while other holders of existing CCH II debt will have the option of receiving new notes or being paid in full in cash.

41. **Third**, the Plan provides for a settlement of all claims of Mr. Allen and his related entities, which will result in Mr. Allen continuing to hold 35% of the voting control of Charter. This settlement prevents a change of control from occurring as a result of the Plan and enables Charter to remain in compliance with all of the provisions (with the exception of unenforceable ipso facto provisions) in CCO’s and CCOH’s debt instruments, which will be reinstated under the Plan.

42. Charter intends to seek swift confirmation of the Plan. In addition to the Disclosure Statement and Plan, Charter has filed its Plan supplement, which includes:

- Amended and Restated Bylaws;
- Amended and Restated Certificate of Incorporation (including Exhibit A to Certificate (New Preferred Stock));
- CCH Warrants;

- CIH Warrants;
- CII Settlement Claim Warrants;
- Commitment Letters;
- Debt Registration Rights Agreement;
- Employment Agreements;
- Equity Rights Agreement;
- Excess Backstop Agreement;
- Lock-Up Agreement;
- New CCH II Notes;
- Reorganized Holdco Exchange Agreement;
- Reorganized Holdco LLC Agreement;
- Rights Offering Documents;
- Value Creation Plan;
- Restructuring Transactions;
- Composition of New Board Members; and
- Schedule of Executory Contracts and Unexpired Leases to be Rejected.

43. Because the Plan is based on consensual agreements with each of Charter's key stakeholders, Charter's goal of a relatively short stay in chapter 11 is both realistic and justified.

44. Pursuant to separate restructuring agreements, Charter, members of the Crossover Committee, and Mr. Allen have agreed that the Plan must be confirmed by August 4, 2009 and become effective on or before August 24, 2009 or by December 15, 2009 if there are pending consents to be obtained from applicable government authorities.

45. The Plan treats the claims and interests of the legal entities referenced above as follows:

- All claims against CCO (the operating company) and CCOH (the first tier holding company) will be reinstated and paid in full (as described below on pages 20 and 21 of this declaration, Charter anticipates that certain lenders will object to reinstatement and seek to reprice their loans based on the restructuring of the debt of the holding companies above them);
- The holders of CCH II notes on the Crossover Committee will receive new notes and other holders of the notes will have the option of receiving new notes or cash in the amount of their claims;
- The holders of CCH I notes will receive stock in the reorganized entity subject to dilution pursuant to the Rights Offering, the warrants to be issued under the Plan, and the equity-based compensation reserved for management;

- The holders of the CIH notes (marked as \*5 on the Capital Structure Chart) and CCH notes (marked as \*4 on the Capital Structure Chart) will receive warrants to purchase stock in the reorganized company;
- All claims relating to the CCHC notes (marked as \*3 on the Capital Structure Chart) will be settled as part of the settlement with CII;
- The holders of CCI notes (marked as \*1 on the Capital Structure Chart), in part on account of the Holdco notes (marked as \*2 on the Capital Structure Chart), will receive new preferred stock and \$24.2 million in cash;
- The holders of common stock will not receive any recovery; and
- All executory contracts, unless expressly rejected, shall be deemed assumed as of the effective date of the Plan.

46. The Plan also provides that Charter's trade creditors will be paid in full. To that end, Charter has filed a motion with the Court seeking to pay its trade creditors in the ordinary course of business. Charter believes that such payment will allow it to continue its operations with minimal disruption and preserve its enterprise value for the benefit of the Debtors' estates, creditors, and all parties in interest. The secured prepetition lenders of Charter's operating subsidiary, whose cash collateral is being used to pay these trade creditors, support this relief.

47. The Plan will be funded with (a) cash on hand and cash generated from Charter's operations, (b) an exchange of CCH II notes (the "Notes Exchange"), (c) an additional debt commitment by certain holders of CCH II notes (the "New Debt Commitment"), and (d) the proceeds of the Rights Offering that certain members of the Crossover Committee have agreed to backstop. Charter expects to raise an aggregate amount of approximately \$1.2 billion through the Notes Exchange, \$267 million through the New Debt Commitment, and up to \$2 billion through the Rights Offering.

48. Other than the Plan funding described above, Charter is not seeking to enter into debtor-in-possession financing. Upon filing bankruptcy, pursuant to its commitments under the Plan, Charter will waive its right to access its revolving credit facility and will rely on cash on

hand and cash flows from operating activities to fund its projected cash needs. Among other things, Charter's projected cash needs and projected sources of liquidity depend upon, among other things, its actual results, the timing and amount of its expenditures, and the outcome of various matters in its chapter 11 cases and financial restructuring. Charter has filed a motion with the Court asking permission to access these funds, and expects to receive interim authorization shortly.

49. The Plan includes provisions for reinstating certain credit facilities and indentures. The credit facilities and indentures that will be reinstated under the plan are:

	<b>Principal Amount Outstanding</b>
First Lien Credit Facility	
Term Loan Facility maturing 2014	\$6.9 billion
Revolving Credit Facility maturing 2013	\$1.3 billion
8.00% senior second lien notes due 2012	\$1.1 billion
8¾% senior second lien notes due 2014	\$770 million
10.875% senior second lien notes due 2014	\$546 million
Junior Credit Facility maturing 2014	\$350 million
8¾% senior notes due 2013	\$800 million
<b>Total</b>	<b>\$11.8 billion</b>

50. These credit facilities and indentures are extremely valuable, irreplaceable assets of Charter's estate. In light of current capital market conditions, they would be difficult, if not impossible, to replace at comparable terms and rates.

51. I am not aware of any instance where Charter has defaulted or otherwise failed to comply with its obligations under these credit facilities and indentures before filing these chapter 11 cases. Because of Charter's significant debt load, the company has put in place extensive systems and processes to ensure that it complies with its payment and debt obligations on a timely basis. To my knowledge, Charter has never missed an interest payment or failed to make

a payment within the allotted grace period. To my knowledge, Charter has fully complied with its obligations to file compliance certifications and annual budgets.

52. In negotiating the Plan, it was and remains Charter's intent to honor the terms of these agreements, and ensure that the counterparties will be placed in the same position with the same rights they enjoyed before Charter filed for chapter 11 protection. In short, it is the company's intent that Charter will continue performing under the agreements and will satisfy its repayment obligations as if these chapter 11 cases had never been filed. Moreover, Charter has taken care to ensure that the counterparties to the credit facilities and indentures it is seeking to reinstate will be unaffected under the Plan. Charter has agreed to pay interest at a higher negotiated default rate as long as these chapter 11 cases remain pending. In addition, the Plan includes Charter's binding commitment that it will irrevocably waive any rights to engage in additional borrowing under the First Lien Credit Facility, and that, if required by the Court, the company will cash collateralize any letters of credit under the facility that remain outstanding. The foregoing is described in greater detail in the Debtors' Memorandum of Reinstatement in Support of Approval of Disclosure Statement, which is filed concurrently with this declaration.

## **II. THE CHAPTER 11 CASES**

53. It is critically important for Charter to maintain the loyalty and goodwill of its customers, vendors, and local franchise authorities. Achieving these goals is likely to be particularly challenging while operating in chapter 11. To that end, the Debtors have filed First Day Pleadings seeking relief intended to allow the Debtors to effectively transition into chapter 11 and minimize disruption of the Debtors' business operations, thereby preserving and maximizing the value of the Debtors' estates. Unless this "first day" relief is granted, I believe

the Debtors' business operations will suffer significant consequences because vendors may refuse to continue to do business with the Debtors.

54. I am generally familiar with the contents of each First Day Pleading (including the exhibits thereto) described in further detail herein, and based upon that general familiarity and information provided to me by other members of the Debtors' management team and my colleagues who provide information to me in the ordinary course of the Debtors' business, I believe that the relief sought in each First Day Pleading: (a) is necessary to enable the Debtors to operate in chapter 11 with minimal disruption or loss of productivity and value; (b) constitutes a critical element to achieving a successful reorganization of the Debtors; and (c) best serves the Debtors' estates and creditors' interests, and the failure to grant the motions described herein would have an immediate and irreparable effect on the Debtors' businesses taken as a whole.

### **Procedural Motions**

#### **A. Joint Administration**

55. The Debtors request entry of an order directing joint administration of the chapter 11 cases for procedural purposes only pursuant to Bankruptcy Rule 1015(b). Specifically, the Debtors request that the Court maintain one file and one docket for all of the chapter 11 cases under the case of parent company CCI. Further, the Debtors request that an entry be made on the docket of each of the chapter 11 cases of the Debtors other than CCI to indicate the joint administration of the chapter 11 cases.

56. Given the integrated nature of Charter's operations, joint administration of the chapter 11 cases will provide significant administrative convenience without harming the substantive rights of any party in interest. Many of the motions, hearings and orders that will be filed in the chapter 11 cases will almost certainly affect each and every Debtor. The entry of an order directing joint administration of the chapter 11 cases will reduce fees and costs by avoiding

duplicative filings and objections and will allow the U.S. Trustee and all parties in interest to monitor the chapter 11 cases with greater ease and efficiency.

57. For these reasons, I believe that joint administration of the chapter 11 cases is in the best interests of the Debtors' estates, their creditors, and all other parties in interest.

**B. Case Management**

58. The Debtors have requested that this Court enter an order providing for certain notice, hearing and other case management procedures in these chapter 11 cases. Given the number of parties in interest in these chapter 11 cases, requiring that service be made upon each of these parties would waste the Debtors' limited resources. Thus, the Debtors believe that requiring paper service of certain pleadings only upon the main parties in interest, as well as authorizing service on all parties by email, will be efficient and save the estates significant time and expense. Additionally, due to the likely volume of motions and other pleadings that will be filed in these cases, the Debtors have proposed that such special hearing procedures be created, including the creation of regularly scheduled omnibus hearings at which the Court, the Debtors, and other main parties in interest can address several motions at once, thereby avoiding the substantial time and expense of scheduling separate hearings on each discrete matter.

### **C. Claims Agent Retention**

59. The Debtors seek to retain Kurtzman Carson Consultants LLC (“KCC”) as their notice and claims agent because, among other things, KCC has extensive experience and an excellent reputation in providing high quality and cost effective services as the notice and claims agent to debtors and creditors in bankruptcy reorganizations. Moreover, in compliance with the Southern District of New York’s “Protocol for the Employment of Claims Agents,” the Debtors obtained and reviewed engagement proposals from at least three court-approved claims agents, including Donlin Recano & Company, Inc., Epiq Systems, Inc., and KCC. The Debtors believe that the retention of KCC is the most effective and efficient manner of noticing the thousands of creditors and parties in interest of the filing of the chapter 11 cases and other developments in the chapter 11 cases, and therefore, is in the best interest of the Debtors’ estates.

### **Cash Collateral and Cash Management Motions**

#### **D. Cash Collateral**

60. The Debtors request entry of interim and final orders: (a) authorizing the Debtors to use cash collateral pursuant to sections 361, 362 and 363 of the Bankruptcy Code; (b) approving the form of adequate protection provided to the Adequate Protection Parties pursuant to sections 361, 362, 363, 503(b), and 507 of the Bankruptcy Code; (c) scheduling a final hearing for entry of an order authorizing and granting the relief requested in the Cash Collateral Motion on a final basis; and (d) granting related relief and such other and further relief as the Court deems just and proper.

61. The Debtors believe that the proposed adequate protection for the Adequate Protection Parties is necessary and appropriate to ensure that the Debtors can continue to use their Cash Collateral. Without use of the Cash Collateral, the Debtors will not have adequate cash to pay trade creditors in the normal course and, therefore, the Debtors’ trade creditors may

cease to provide goods and services to the Debtors on credit terms, and the Debtors will not be able to pay their payroll and other direct operating expenses or obtain goods and services needed to run their businesses and meet customer demands in a manner that will avoid immediate and irreparable harm to the Debtors' estates. The Debtors' ability to finance their operations and the availability to the Debtors of sufficient working capital and liquidity through the use of Cash Collateral is vital to the confidence of the Debtors' employees, major suppliers and customers, and to the preservation and maintenance of the going-concern values and other values of the Debtors' estates. Moreover, the Adequate Protection Parties have consented to the use of the Cash Collateral on the terms described in the Cash Collateral Motion.

62. I believe that the relief requested in the Cash Collateral Motion is in the best interests of the Debtors' estates and will enable the Debtors to continue to operate their businesses in chapter 11 without disruption.

#### **E. Surety Bonds**

63. The Debtors request authority to enter into the DIP Surety Bond Program. In connection with the operation and in the ordinary course of the Debtors' businesses, the Debtors are frequently required to provide to third parties financial assurance in the form of surety bonds to secure the Debtors' payment or performance of certain obligations, including obligations owed to municipalities, obligations associated with the installation and maintenance of operating systems, franchise obligations and payments for utility services or power line pole attachments. Failure to provide, maintain or to timely renew these surety bonds could jeopardize the Debtors' ability to conduct or continue their operations.

64. The Debtors' prepetition surety bond program (the "Prepetition Surety Bond Program") is provided by Travelers Casualty and Surety Company of America ("Travelers"). Under the Prepetition Surety Bond Program, Travelers issues surety bonds to third party obligees

on behalf of the Debtors, thereby shifting the risk of the Debtors' nonperformance or non-payment from the third party obligees to Travelers.

65. Travelers requires the Debtors to obtain letters of credit to support and back any obligations owing to Travelers under the surety bonds under the Prepetition Surety Bond Program. As of the Petition Date, the Debtors have approximately \$55 million in outstanding letters of credit issued for the benefit of Travelers, backstopping the Debtors' obligations under approximately \$65 million surety bonds (the "Prepetition Surety Bonds") issued under the Prepetition Surety Bond Program. The premiums for most of the Prepetition Surety Bonds are determined annually and are paid by the Debtors at inception and annually thereafter. The Debtors pay annual premiums of approximately \$600,000 to maintain such Prepetition Surety Bonds. As of the Petition Date, the Debtors do not believe they have any outstanding liability on account of any prepetition premiums related to the Prepetition Surety Bond Program.

66. On or around February 25, 2009, Travelers informed the Debtors that in light of the financial conditions of the Debtors, Travelers would like to have a new term sheet and indemnity agreement to be put in place for Travelers to forbear any cancellation of any Prepetition Surety Bonds, to furnish any bonds to the Debtors after the Petition Date and to assume any obligations by Travelers of any bonds. In light of the Debtors' financial situation leading up to the Petition Date, the Debtors and Travelers engaged in negotiating the terms of a new surety bond program (the "DIP Surety Bond Program"), pursuant to which Travelers has agreed to provide the Debtors with postpetition surety bonds and to maintain and renew Prepetition Surety Bonds on a postpetition basis. Following extensive negotiations, the Debtors determined, in their business judgment, to enter into the DIP Surety Bond Program.

67. The nature of the Debtors' business and the extent of their operations make it essential for the Debtors to maintain their bonding capacity in respect of Prepetition Surety Bonds and the DIP Surety Bond Program on an ongoing and uninterrupted basis. If any surety bonds lapse without renewal, the Debtors could default on various obligations, which could severely disrupt the Debtors' operations to the detriment of all parties in interest. For example, failure to maintain the required surety bonds could trigger the cancellation of the Debtors' telephone pole utilities, resulting in the inability of the Debtors to transmit telephone, cable and other integrated services to their customers (i.e., the mainstay of the Debtors' operations). The continuation of the Prepetition Surety Bonds, entering into the DIP Surety Bond Program and the payment of post-petition obligations arising thereunder is therefore essential to preserve the Debtors' business and preserve the value of the Debtors' estates for all creditors.

68. The Debtors have attempted but have been unable to obtain surety credit on an (a) unsecured basis pursuant to sections 364(a) and (b) of the Bankruptcy Code and (b) unsecured superpriority basis pursuant to section 364(c) of the Bankruptcy Code, except to the extent provided in this Order. The terms pursuant to which Travelers has agreed to provide the Debtors with postpetition surety credit pursuant to the DIP Surety Bond Program were negotiated and entered into by Travelers and the Debtors in good faith as contemplated by section 364(e) of the Bankruptcy Code and Travelers is therefore entitled to the benefits of section 364(e) of the Bankruptcy Code.

69. I believe that the relief requested in the Surety Bond Program Motion is in the best interests of the Debtors' estates and will enable the Debtors to continue to operate their businesses in chapter 11 without disruption.

## **F. Cash Management**

70. The Debtors request authority to continue to use their existing cash management system, maintain their existing bank accounts, and continue to use existing business forms. In addition, the Debtors request authority to continue to invest excess funds in the Investment Accounts and for the Court to authorize and direct all applicable banking institutions to accept and hold or invest such funds in accordance with the Debtors' prepetition investment practices, without the need for any additional agreements not otherwise utilized prior to the Petition Date. The Debtors further request that administrative priority status be granted to certain of their intercompany claims and that they be allowed to continue to perform under certain intercompany arrangements and historical practices.

71. In the ordinary course of business, the Debtors utilize an integrated, centralized cash management system to collect, transfer, and disburse funds generated by their operations and maintain current and accurate accounting records of all daily cash transactions. If the Debtors were required to comply with the U.S. Trustee Guidelines, the burden of opening new accounts, revising cash management procedures, instructing 5.5 million customers to redirect monthly payments and the immediate ordering of new checks with a "Debtor in Possession" legend, would disrupt the Debtors' business at this critical time. The Debtors respectfully submit that parties in interest will not be harmed by their maintenance of the existing Cash Management System, including their Bank Accounts, because the Debtors have implemented appropriate mechanisms to ensure that unauthorized payments will not be made on account of obligations incurred prior to the Petition Date.

72. The Debtors also invest excess funds not currently needed for their operations in Investment Accounts, a practice the Debtors believe will provide the protection contemplated by section 345(b) of the Bankruptcy Code while providing additional interest income. Therefore,

the Debtors seek a waiver of strict compliance with the requirements of section 345(b) of the Bankruptcy Code.

73. In addition, in the ordinary course of business, the Debtors maintain a system of Intercompany Transactions. The Debtors track all fund transfers electronically in their accounting system and can ascertain, trace and account for Intercompany Transactions. If the Intercompany Transactions are discontinued, a number of services provided by and to the Debtors would be disrupted and could impact the Debtors' ability to pay wages and benefits to their employees and make timely payments to vendors. Any delay in vendor payments would result in a disruption in services provided to customers and could result in immediate and irreparable harm to the Debtors' estates.

74. The relief requested in the Cash Management Motion is vital to ensuring the Debtors' seamless transition into bankruptcy. Authorizing the Debtors to maintain their Cash Management System will avoid many of the possible disruptions and distractions that could divert their attention from more critical matters during the initial period of the chapter 11 cases.

75. I believe that the relief requested in the Cash Management Motion is in the best interests of the Debtors' estates and will enable the Debtors to continue to operate their businesses in chapter 11 without disruption.

### **Operations Motions**

#### **G. Customer Programs**

76. The Debtors request the authority to maintain and administer customer programs and honor prepetition obligations to customers related thereto in the ordinary course of business and in a manner consistent with past practice.

77. To maintain and grow the Debtors' customer base, in the ordinary course of business, the Debtors implemented four general categories of Customer Programs: (a) New

Subscriber Programs, (b) Upgrade Programs, (c) Retention Programs, and (d) Other Customer Programs. New Subscriber Programs grow the Debtors' customer base through signup offers and discounts (e.g., free premium movie channel service for six months upon sign-up or free digital phone service with a one year cable television and internet commitment). Upgrade Programs aim to entice current customers to add services through promotional advertisements and packages (e.g., add digital phone service to existing package for half price or free digital video recording for six months when added to existing service package). Retention Programs persuade existing customers to stay with the Debtors through customer loyalty programs and retention promotions (e.g., accumulate loyalty based reward points which can be traded for prizes or offer free premium movie channel for one year period to retain customer). Other Customer Programs are designed to bolster goodwill and improve customer service (e.g., charitable initiatives, direct debit billing, high sales rewards, customer call centers, and home installation services). The Debtors' ability to honor their Customer Program Obligations in the ordinary course of business is necessary to retain and grow their customer base and reputation for quality. The Debtors believe that the relief requested herein will pay dividends with respect to the long-term reorganization of their business, both in terms of profitability and the engendering of goodwill, especially at this critical time following the filing of the chapter 11 cases.

78. I believe that the relief requested in the Customer Programs Motion is in the best interests of the Debtors' estates, avoids disruptions to services to 5.5 million customers, and will enable the Debtors to continue to operate their businesses in chapter 11 seamlessly.

#### **H. Shippers, Warehousemen and Miscellaneous Lien Claimants**

79. The Debtors request authority, but not direction, to make payments to Shippers and Warehousemen on account of prepetition claims relating to those shipping and warehousing

charges that the Debtors, in their business judgment, determine must or should be paid to Shippers and Warehousemen not to exceed \$1 million in the aggregate. Additionally, the Debtors request authority, but not direction, to pay any Miscellaneous Lien Claims, on a case-by-case basis and in the Debtors' sole discretion, that either have resulted or reasonably could result in a lien being asserted against the Debtors' property as provided herein not to exceed \$2.1 million in the aggregate.

80. Payment of prepetition amounts owed to Shippers, Warehousemen and Miscellaneous Lien Claimants is integral to the Debtors' operations and is necessary to maintain the Debtors' operations, including the confidence and goodwill of the Debtors' customer base, which is critical to a successful reorganization. Failure to satisfy obligations with respect to the Shippers, Warehousemen and Miscellaneous Lien Claimants in the ordinary course of business will cause customers to turn to competitors for services, which could result in immediate and irreparable harm to the Debtors' estates.

81. Additionally, the payment of the prepetition amounts is critical to the survival of the Debtors' businesses. The sale of the Debtors' products and services—the lifeblood of the Debtors' operations—depends upon the Debtors' ability to receive and ship equipment in a timely fashion. Moreover, it is the Debtors' business judgment that continuation of their positive relationship with the Shippers, Warehousemen and Miscellaneous Lien Claimants is imperative to their continued operations and greatly increases the likelihood of a successful reorganization.

82. Further, payment of these prepetition amounts will save the Debtors the considerable time and expense of having to negotiate or litigate for the return of or right to use property of the estate that may be subject to these claims. Importantly, the Debtors will only pay

those claimants that they believe in their business judgment to be secured by valid liens, or that they believe are capable of being secured by perfecting liens in the Debtors' property.

83. I believe that the relief requested in the Shippers and Lien Claimants Motion is in the best interests of the Debtors' estates and will enable the Debtors to continue to operate their businesses in chapter 11 without disruption.

#### **I. Wages**

84. The Debtors request the authority, in their sole discretion, to pay prepetition claims, honor obligations, and to continue programs, in the ordinary course of business and consistent with past practices, relating to the Employee Wages and Benefits.

85. As of the Petition Date, the Debtors employ approximately 16,500 hourly and salaried employees, of whom approximately 16,400 are full-time employee and approximately 100 are part-time employees. Additionally, the Debtors procure the services of temporary workers and independent contract workers. Although the Debtors have paid their wage, salary, and other obligations prior to the Petition Date, as of the date hereof, certain prepetition Employee Wages and Benefits remain due and owing.

86. The majority of the Debtors' Employees, Temporary Workers and Independent Contractors rely exclusively on their compensation, benefits, and reimbursement of expenses to satisfy their daily living expenses. Consequently, these Employees will be exposed to significant financial difficulties if the Debtors are not permitted to honor obligations for unpaid compensation, benefits and reimbursable expenses. Moreover, if the Debtors are unable to satisfy such obligations, Employee morale and loyalty will be jeopardized at a time when Employee support is critical. In the absence of such payments, the Debtors believe their Employees may seek alternative employment opportunities, perhaps with the Debtors' competitors, thereby hindering the Debtors' ability to meet their customer obligations, and likely

diminish creditors' confidence in the Debtors. Moreover, the loss of valuable Employees and the recruiting efforts that would be required to replace such Employees would be a massive and costly distraction at a time when the Debtors should be focusing on maintaining their operations.

87. I believe that the relief requested in the Wages and Benefits Motion is in the best interests of the Debtors' estates and will enable the Debtors to continue to operate their businesses in chapter 11 without disruption and so as to avoid immediate and irreparable harm to the Debtors' estates.

#### **J. NOL Preservation**

88. The Debtors have incurred significant net operating losses ("NOLs"). As of the Petition Date, the Debtors believe they have NOLs of approximately \$8.7 billion. The Debtors' NOLs are an extremely valuable asset which the Debtors can use to offset their future taxable income for up to 20 taxable years and thereby reduce their future aggregate tax obligations. In this case, the Debtors' NOLs could translate into a potential future tax savings of approximately \$3.4 billion. Unrestricted trading of the Debtors' equity securities could, however, severely limit or even eliminate the Debtors' ability to use their NOLs. Thus, to prevent immediate and irreparable harm to the Debtors' valuable tax attributes, I believe it is necessary to establish certain procedures that will enable the Debtors to closely monitor certain transfers of equity securities. I believe these procedures will allow the Debtors to act expeditiously to prevent such transfers (if necessary) and will help the Debtors maximize future tax savings.

## **K. Insurance**

89. The Debtors request authority, but not direction, to (a) maintain their insurance policies entered into prepetition, including the payment of any prepetition obligations related to their policies, (b) enter into new insurance policies through renewal of the current policies or purchase of new postpetition policies, (c) maintain their premium financing agreements (the “PFAs”) for insurance coverage entered into prepetition and (d) enter into new postpetition PFAs through renewal of the current PFAs or purchase of new postpetition PFAs.

90. In connection with the operation of the Debtors’ businesses and the management of their properties, the Debtors maintain a comprehensive insurance program that provides them with coverage for, among other things, general liability, workers’ compensation, automobile liability, excess liability, punitive damages, aircraft liability, earthquake-related damage, media liability, employment practices liability, directors’ and officers’ liability with an extended reporting period, fiduciary liability, crime, travel accident, property liability and coverage and miscellaneous liability (collectively, the “Policies”). The Debtors also finance several Policies under PFAs that spread the cost of the financed policies over time and help the Debtors preserve their cash flows.

91. The uninterrupted maintenance of the Debtors’ Policies and PFAs is essential to the continued operation of the Debtors’ businesses and to the preservation of the Debtors’ estates’ value. Any lapse in coverage would expose the Debtors to significant potential liabilities and losses to the detriment of all parties in interest. Furthermore, the loss of insurance coverage would require the Debtors to obtain replacement insurance on an expedited basis and likely pay a lump-sum, advance premium. Not only is insurance coverage such as that provided by the Policies required by the diverse regulations, laws and contracts that govern the Debtors’ commercial activities, but also, the Guidelines of the Office of the United States Trustee for the

Southern District of New York require debtors to maintain insurance coverage throughout their chapter 11 cases.

92. I believe that the relief requested in the Insurance Motion is in the best interests of the Debtors' estates and will enable the Debtors to continue to operate their businesses in chapter 11 without disruption so as to avoid immediate and irreparable harm to the Debtors' estates.

**L. Taxes**

93. In the ordinary course of their businesses, the Debtors incur sales, use, franchise, regulatory and other taxes and fees necessary to operate their businesses, and are charged fees, licenses, permits and other similar charges and assessments on behalf of various taxing and licensing authorities. This motion seeks the authority, but not the direction, to pay claims for such taxes and fees to the applicable taxing authorities, including all taxes determined to be owed prior to the Petition Date. The estimated amount of outstanding fees and taxes owed prior to the Petition Date is \$58 million, which is comprised in part of \$4.3 million outstanding fees and taxes due within 20 days. Failure to pay all the fees and taxes could have a material adverse impact on the Debtors, resulting in additional interest and penalty charges, as well as potentially distracting efforts by the licensing and/or franchising authorities to collect. The Debtors' businesses rely on good relationships with the licensing and franchising authorities to bring their services to the market. Accordingly, I believe that the relief requested in this motion is necessary to prevent immediate and irreparable harm to the Debtors.

### **III. INFORMATION REQUIRED BY LOCAL RULE 1007-2**

94. Local Rule 1007-2 requires certain information related to the Debtors, which is set forth below. The information requested in Local Rule 1007-2(a)(1) is set forth in Part I above.

95. Pursuant to Local Rule 1007-2(a)(3), **Exhibit B** hereto provides the following information: the name and address of the attorneys to the unofficial committees of unaffiliated holders of those certain CCH I and CCH II notes issuances and a brief description of the circumstances surrounding the formation of these committees and the date of their formation.

96. Pursuant to Local Rule 1007-2(a)(4), **Exhibit C** hereto provides the following information with respect to each of the holders of the Debtors' 80 largest unsecured claims, excluding claims of insiders: the creditor's name, address (including the number, street, apartment, or suite number, and zip code, if not included in the post office address); telephone number; the name(s) of person(s) familiar with the Debtors' account; the nature and approximate amount of the claim; and an indication of whether the claim is contingent, unliquidated, disputed, or partially secured.

97. Pursuant to Local Rule 1007-2(a)(5), **Exhibit D** hereto provides the following information with respect to each of the holders of the six largest secured claims against the Debtors: the creditor's name, address (including the number, street, apartment, or suite number, and zip code, if not included in the post office address); the amount of the claim; a brief description of the claim; an estimate of the value of the collateral securing the claim and whether the claim or lien is disputed.

98. Pursuant to Local Rule 1007-2(a)(6), **Exhibit E** hereto provides a summary of the Debtors' assets and liabilities.

99. Pursuant to Local Rule 1007-2(a)(7), **Exhibit F** hereto provides the following information: the number and classes of shares of stock, debentures, and other securities of the Debtors that are publicly held and the number of holders thereof; the number of classes of shares of stock, debentures, and other securities of the Debtors that are held by the Debtors' officers and directors and the amounts so held.

100. Pursuant to Local Rule 1007-2(a)(8), **Exhibit G** hereto provides the following information with respect to any property in possession or custody of any custodian, public officer, mortgagee, pledge, assignee of rents, or secured creditors, or agent for such entity, giving the name, address, and telephone number of such entity and the court in which any proceeding relating thereto is pending.

101. Pursuant to Local Rule 1007-2(a)(9), **Exhibit H** hereto provides the following information with respect to premises owned, leased, or held under other arrangement from which the Debtors operate their business. The Debtors' corporate headquarters are located at 12405 Powerscourt Drive, St. Louis, Missouri.

102. Pursuant to Local Rule 1007-2 (a)(10), **Exhibit I** hereto sets forth the location of the Debtors' substantial assets, the location of their books and records, and the nature, location, and value of any assets held by the Debtors outside the territorial limits of the United States.

103. Pursuant to Local Rule 1007-2 (a)(11), **Exhibit J** hereto provides a list of the nature and present status of each action or proceeding, pending or threatened, against the Debtors or their property where a judgment or seizure of their property may be imminent.

104. Pursuant to Local Rule 1007-2 (a)(12), **Exhibit K** hereto sets forth a list of the names of the individuals who comprise the Debtors' existing senior management, their tenure with the Debtors, and a brief summary of their relevant responsibilities and experience.

105. Pursuant to Local Rule 1007-2 (b)(1)-(2)(A), **Exhibit L** hereto provides the estimated amount of payroll to the Debtors' employees (not including officers, directors, and stockholders) and the estimated amounts to be paid to officers, stockholders, directors, and financial and business consultants retained by the Debtors, for the 30 day period following the filing of the Debtors' chapter 11 petitions.

106. Pursuant to Local Rule 1007-2 (b)(3), **Exhibit M** hereto provides a schedule for the 30-day period following the filing of these chapter 11 cases, of estimated cash receipts and disbursements, net cash gain or loss, obligations and receivables expected to accrue but remain unpaid, other than professional fees, and any other information relevant to an understanding of the foregoing.

I declare under penalty of perjury that the foregoing is true and correct.

## **EXHIBIT F**

### **Summary of Debtors' Stock, Debentures and Other Securities**

#### **Common Stock**

The Debtors' Class A Common Shares are publicly traded on NASDAQ. The Debtors' Class B Common Shares are not publicly traded and the information on such ownership is provided for convenience of reference. The following reflects information as of close of business on February 28, 2009.

<b>Type of Security</b>	<b>Number of Shares Outstanding</b>	<b>Approximate Number of Record Holders as of December 31, 2008</b>
Class A Common Stock	400,801,768	4009 <sup>1</sup>
Class B Common Stock	50,000	1

---

<sup>1</sup> As of February 28, 2009, there were also approximately 474 holders of restricted stock. The overlap, if any, between holders of restricted stock and registered holders of Class A Common Stock is unavailable at this time so the Debtors have chosen to exclude the estimated number of holders of restricted stock from the reported estimate.

### Securities Held by Debtors' Non-Employee Directors

Name of Director	Number of Shares Owned as of February 28, 2009	Number of Shares Beneficially Owned as of February 28, 2009 <sup>2</sup>
Paul Allen	28,467,421	405,795,482 <sup>3</sup>
Lance Conn	114,799	114,799
Rajive Johri	81,633	81,633
Robert P. May	223,831	223,831
David C. Merritt	128,264	128,264
Jo Allen Patton	129,540	129,540
John H. Tory	132,564	172,564
Larry W. Wangberg	131,264	171,264

### Securities Held by Debtors' Officers

Name of Officer or Director	Number of Shares Owned as of February 28, 2009	Number of Shares Beneficially Owned as of February 28, 2009 <sup>4</sup>
Neil Smit	1,703,985	4,847,568
Michael J. Lovett	359,674	2,440,402
Eloise E. Schmitz	45,488	294,813
Grier C. Raclin	95,074	275,274
Marwan Fawaz	83,333	261,983
